Building a proud nation

As a truly Namibian company, Conference Link is proud to celebrate 21 years of Namibia's independence on 21 March 2011. It is a time for reflection and renewal of the commitments made at independence, the consolidation of the achievements and strengthening of nationhood and national pride.

In 2007, The Ministry of Communication and Technology started to develop a social and behaviour campaign on nationhood and national pride to instill love for and pride in Namibia, its national symbols, heritage, people, fauna, flora and cultures and above all a culture of peace and tolerance. Conference Link is also proud to be part of the development of this project that will soon culminate into a programme of Nationhood and National Pride.

Watch this space to find out how you can play a role and assist us in building a proud nation!
